

9th September 2016

Dear Parents,

I hope you had an enjoyable summer and that your child is looking forward to the new school year. I would like to take this opportunity to especially welcome any new children and parents to Sandfield Park.

I would also like to give you a brief update as to what has been happening since last term. Over the summer we have had the 6th form building redesigned to incorporate new toilets and a new study area, along with this we have had other parts of the school decorated.

The school website, www.sandfieldparkschool.com continues to be developed and in the coming weeks each class will have a class page that includes a welcome from the class teacher, the class timetable, an outline of this half term's curriculum and a photo gallery of work and activities.

Along with this letter is a consent form for your child to take part in different activities that we undertake in school and also checking on allergies and medication. Please return this to us as soon as possible. Whilst I mention this can I insist that any medication, including painkillers, sent in to school by parents is brought into school by the transport/bus escort and not the pupil.

In addition dates for activities during the academic year will be sent out to you. We want to get these out to you as early as possible but please realise that there may be unforeseen changes during the course of the year. We will try to keep these to a minimum and will inform you of any changes.

I am really looking forward to this new school year, we will continue to improve provision so that we do our very best to meet the individual needs of your child and help them make progress both socially and academically. If there is anything that we can do as a school to make your child's experience with us any better then please do not hesitate to contact me.

Yours sincerely,

Mark Hilton
Headteacher
