Dear Mark

I am writing to extend my warm thanks for welcoming me and my colleague, Sian, to Alder Hey Children's Hospital on Wednesday. We thoroughly enjoyed our visit.

I am very grateful for the time that you, Wendy, Stephen and Lindsey took to talk to us about the flexible support and education you provide to young people in a wide variety of circumstances. The commitment and passion of the whole team really came across.

We were very grateful for your feedback on the exams system, as well as our discussions on AI and on-screen assessment.

Thank you once again for your time in making this such a valuable visit.

With kind regards,
