

SF2 Core Subjects Medium Term Curriculum Plan Autumn 2 3rd Nov – 19th Dec 2025 2026

Week 7 15 th – 19 th Dec	Frankenstein – Whodunnit? Pupils will learn how to understand the conventions of writing for social media and create a social media page. Pupils will be able to investigate the key features of social media writing, incorporating compound and complex sentences. Create a social media page. EL2.19 Write in compound sentences, using common conjunctions (e.g. or, and, but) E3.21 Write in compound sentences and paragraphs where appropriate. (to research what a social media page looks like)	Using Common measures, shape and space Pupils will learn how to read and use simple scales to the nearest labelled division. Pupils will be able to understand what the term ‘nearest labelled division’ means and be able to read and use simple scales. EL2.18 Pupils will learn to understand what ‘lines of symmetry’ are. Pupils will be able to show what a line of symmetry is EL3.19	Self-image & Identity – Pupils will learn how to explain how any images and videos can be digitally manipulated (e.g. using filters, cropping, deep fake technology). Pupils will be able to explain how online images can be edited, cropped and filtered, explain how photo-manipulation can influence perceptions of the person in the photo. Also, can describe some of the pressures online images and social media can put on young people (e.g. peer pressure, a desire for peer approval, ‘FOMO’).		Pupils will know how to apply questioning and responding skills in different contexts. Pupils will be able to demonstrate effective questioning and answering in a role-play or discussion. Pupils will be able to reflect on how these communication skills are useful in everyday life.	Halogens with Non-metals and Review Pupils will know how to describe the reactions of halogens with non-metals and review key ideas. Pupils will be able to give examples of covalent compounds halogens form with non-metals. Pupils will be able to summarise differences in reactivity across Groups 0, 1 and 7.	PreE- Pupils will learn how to Match identical letters, words or pictures. Pupils will continue to segment and blend cvc words and match words to pictures. EL1 Pupils will learn how to read phase 2/3 & 5 words Pupils will be able sound out and blend phase 2-3 & 5 words and match the words to the pictures. (read ELS CVC word books) EL2.12 Use illustrations, images and captions to locate information Pupils will be able to read a text and answer questions about the text – comprehension work
Week 6 8 th – 12 th Dec	Frankenstein – Whodunnit? Pupils will learn how to understand the conventions of writing for social media and create a social media page. Pupils will be able to investigate the key features of social media writing, incorporating compound and complex sentences. Create a social media page. EL2.19 Write in compound sentences, using common conjunctions (e.g. or, and, but) E3.21 Write in compound sentences and paragraphs where appropriate. Poss over two weeks	Using Common measures, shape and space Pupils will learn how to Use a suitable instrument to measure mass and length. Pupils will be able to understand the instruments for measuring mass and length. EL3.18 Pupils to learn how to read and compare positive temperatures. Pupils will be able to understand how to read and compare positive temperatures EL2.17	. Self-image & Identity – Pupils will learn how to explain how online images can help to reinforce stereotypes. Pupils will be able to explain what a stereotype is, explain how online images can help to reinforce stereotypes and reflect on whether the internet is reinforcing or challenging stereotypes.		Pupils will know how to take part in a two-way conversation using questioning and response skills. Pupils will be able to ask and respond appropriately during a short dialogue. Pupils will be able to maintain a conversation by taking turns and showing understanding.	Halogens with Alkali Metals Pupils will know how to describe the reactions of halogens with Group 1 metals. Pupils will be able to give examples of salts formed (e.g. Sodium Chloride). Pupils will be able to state that these compounds have different properties from the elements.	PreE- Pupils will learn how to Match identical letters, words or pictures. Pupils will continue to segment and blend cvc words and match words to pictures. EL1 Pupils will learn how to read phase 2/3 & 5 words Pupils will be able sound out and blend phase 2-3 & 5 words and match the words to the pictures. (read ELS CVC word books) EL2.12 Use illustrations, images and captions to locate information Pupils will be able to read a text and answer questions about the text – comprehension work
Week 5 1 st – 5 th Dec	Frankenstein – Whodunnit? Pupils will learn how to write a piece of advice, understand key features of writing to advise and what are modal verbs Pupils will be able to explain what modal verbs are.To identify features of advice writing. EL2.8 Understand the main points in texts EL3.10 Identify different purposes of straightforward texts Over two weeks	Using Common measures, shape and space Pupils will learn how to Use & compare metric measures of Length, inc millimetres, centimetres, metres and kilometres. Capacity, including millilitres and litres Pupils are able to demonstrate how to use and compare capacity of millilitres and litres EL3.17 Pupils are able to use and compare Capacity of millilitres and litres EL2.16	Self-image & Identity – Pupils will learn how to reflect on and assess the role that digital media plays in my life and give clear examples of where it benefits my lifestyle. Pupils will be able to consider what role technology plays in their life, give clear examples of where technology benefits their lifestyle and they can reflect on where technology may be having a negative impact on my lifestyle and wellbeing		Pupils will know how to give detailed and thoughtful answers when asked more complex questions. Pupils will be able to listen carefully to questions and provide additional information in their responses. Pupils will be able to answer follow-up questions using examples or explanations.	Group 7 Halogens Pupils will know how to describe the reactivity and key properties of halogens. Pupils will be able to state that halogens become less reactive as you progress down the group. Pupils will be able to link this to their electron arrangement (seven outer electrons).	PreE- Pupils will learn how to Match identical letters, words or pictures. Pupils will continue to segment and blend cvc words and match words to pictures. EL1 Pupils will learn how to read phase 2/3& 5 words Pupils will be able sound out and blend phase 2-3 & 5 words and match the words to the pictures. (read ELS CVC word books) EL2.12 Use illustrations, images and captions to locate information Pupils will be able to read a text and answer questions about the text – comprehension work

<div>Week 4</div> <div>24th – 28th Nov</div>	<p>Frankenstein – Whodunnit? Pupils will learn how to write a piece of advice, understand key features of writing to advise and what are modal verbs Pupils will be able to explain what modal verbs are. To identify features of advice writing. EL2.8 Understand the main points in texts EL3.10 Identify different purposes of straightforward texts Over two weeks</p>	<p>Area 2 – Using Common measures, shape and space Pupils will learn how to Use & compare metric measures of Length, inc millimetres, centimetres, metres and kilometres. Pupils are able to demonstrate how to use and compare length EL3.15 Pupils will learn how to use metric measures of Length, including millimetres, centimetres, metres and kilometres.. Pupils are able to demonstrate and show understanding of length using millimetres, centimetres, metres and kilometres.EL2.14</p>	<p>Self-image & Identity – Pupils will learn how to describe how messages online portraying ‘identity ideals can inhibit someone from being themselves online or sharing things openly. Pupils will be able to give examples of different ways they can present myself online, explain how presenting themselves in different ways online carries both benefits and risks and can share strategies to help reduce any potential risks.</p>		<p>Pupils will know how to give clear and complete answers to questions. Pupils will be able to respond using full sentences with relevant information. Pupils will be able to recognise when their answer needs more detail.</p>	<p>Group 1 Alkali Metals Pupils will know how to describe the reactivity and key properties of Group 1 elements. Pupils will be able to state that reactivity increases going down Group 1. Pupils link this to electron arrangement (one outer electron).</p>	<p>PreE- Pupils will learn how to Match identical letters, words or pictures. Pupils will continue to segment and blend cvc words and match words to pictures. EL1 Pupils will learn how to read phase 2/3& 5 words Pupils will be able sound out and blend phase 2-3 & 5 words and match the words to the pictures. (read ELS CVC word books) EL2.12 Use illustrations, images and captions to locate information Pupils will be able to read a text and answer questions about the text – comprehension work</p>
<div>Week 3</div> <div>17th – 21st Nov</div>	<p>Frankenstein – Whodunnit? Pupils will learn the main differences between a tabloid and a broadsheet. To write a tabloid newspaper article. Pupils will be able to explain what differences between tabloid and broadsheet are and will be able to know the key features of tabloid news stories. To write a tabloid news story about the crime EL2.12 Use illustrations, images and captions to locate information EL3.12 Understand organisational features and use them to locate relevant information (e.g. contents, index, menus, tabs and links)</p>	<p>Area 2 – Using Common measures, shape and space Pupils will learn how to Use & compare metric measures of Length, inc millimetres, centimetres, metres and kilometres. Pupils are able to demonstrate how to use and compare length EL3.15 Pupils will learn how to use metric measures of Length, including millimetres, centimetres, metres and kilometres.. Pupils are able to demonstrate and show understanding of length using millimetres, centimetres, metres and kilometres.EL2.14</p>	<p>Self-image & Identity – Pupils will learn how to explain what ‘autonomy’ means to me when it comes to the things I share and choose to engage with online. Pupils will be able to give examples of different ways they can present myself online, explain how presenting themselves in different ways online carries both benefits and risks And share strategies to help reduce any potential risks.</p>		<p>Pupils will know how to make polite requests and ask for help in different situations. Pupils will be able to use polite phrases such as “Could you...” and “Would you mind...” correctly. Pupils will be able to choose the right tone and words for making a request.</p>	<p>Properties and Trends of Noble Gases Pupils will learn how to describe the properties of noble gases and trends down the group. Pupils will be able to identify properties such as low boiling points and colourlessness. Pupils will be able to describe how boiling points increase down the group.</p>	<p>PreE- Pupils will learn how to Match identical letters, words or pictures. Pupils will continue to segment and blend cvc words and match words to pictures. EL1 Pupils will learn how to read phase 2/3 & 5 words Pupils will be able sound out and blend phase 2-3 &5 words and match the words to the pictures. (read ELS CVC word books) EL2.12 Use illustrations, images and captions to locate information Pupils will be able to read a text and answer questions about the text – comprehension work</p>

<div>Week 2</div> <div>10th – 14th Nov</div>	<p>Frankenstein – Whodunnit? Pupils will learn the main differences between a tabloid and a broadsheet. To write a tabloid newspaper article. Pupils will be able to explain what differences between tabloid and broadsheet are and will be able to know the key features of tabloid news stories. To write a tabloid news story about the crime</p> <p>EL2.12 Use illustrations, images and captions to locate information</p> <p>EL3.12 Understand organisational features and use them to locate relevant information (e.g. contents, index, menus, tabs and links)</p> <p>Over two weeks</p>	<p>Area 2 – Using Common measures, shape and space Pupils will learn how to Use & compare metric measures of Length, inc millimetres, centimetres, metres and kilometres. Pupils are able to demonstrate how to use and compare length EL3.15</p> <p>Pupils will learn how to use metric measures of Length, including millimetres, centimetres, metres and kilometres.</p> <p>Pupils are able to demonstrate and show understanding of length using millimetres, centimetres, metres and kilometres.EL2.14</p>	<p>Self-image & Identity – Pupils will learn how to give examples of different ways they can present myself online. Pupils will be able to explain how presenting themselves in different ways online carries both benefits and risks. Also share strategies to help reduce any potential risks</p>		<p>Pupils will know how to ask questions to obtain specific information in real-life situations.</p> <p>Pupils will be able to use open and closed questions appropriately in a conversation.</p> <p>Pupils will be able to ask polite and clear questions to gain information.</p>	<p>Noble Gases</p> <p>Pupils will know how to describe noble gases and explain their lack of reactivity</p> <p>Pupils will be able to state that noble gases have full outer shells.</p> <p>Pupils will be able to explain that this makes them very stable and unreactive.</p>	<p>PreE- Pupils will learn how to Match identical letters, words or pictures. Pupils will continue to segment and blend cvc words and match words to pictures.</p> <p>EL1 Pupils will learn how to read phase 2/3 & 5 words Pupils will be able sound out and blend phase 2-3 & 5 words and match the words to the pictures. (read ELS CVC word books)</p> <p>EL2.12 Use illustrations, images and captions to locate information</p> <p>Pupils will be able to read a text and answer questions about the text – comprehension work</p>
<div>Week 1</div> <div>3rd - 7th Nov</div>	<p>Frankenstein – Whodunnit? Pupils will learn how to research a selection of works of literature. Pupils will be able to research literature characters and find out what the terms ‘protagonist’ ‘antagonist’ ‘deuteragonist’ ‘confidant’</p> <p>Pupils will be able to write about each literature character and what characteristics they have</p> <p>EL2.10 Use effective strategies to find the meaning of words (eg use a dictionary</p> <p>EL3.11 Use effective strategies to find the meaning of words (e.g. a dictionary, working out meaning from context; using knowledge of different word types</p> <p>SPAG WORK MONDAY’S AFTER ASSEMBLY</p>	<p>Pupils will learn how to complete EL2 & EL3 maths paper</p> <p>And discuss answers and methods when completed</p>	<p>Self-image & Identity – Pupils will learn how the internet and social media can be used for positive self-promotion. Pupils will be able to give examples of how the internet and social media can be used for positive self-promotion and comment on why someone might want to experiment with their identity online.</p>		<p>Pupils will know how to recognise and use different types of questions.</p> <p>Pupils will be able to identify key question words (who, what, when, where, why, how).</p> <p>Pupils will be able to create their own clear and relevant questions in a familiar context.</p>	<p>Atomic Structure and Position</p> <p>Pupils will know how to explain how atomic structure relates to metals and non-metals.</p> <p>Pupils will be able to state that metals tend to lose electrons and non-metals gain them.</p> <p>Pupils will be able to link this to their position on the periodic table.</p>	<p>PreE- Pupils will learn how to Match identical letters, words or pictures. Pupils will continue to segment and blend cvc words and match words to pictures.</p> <p>EL1 Pupils will learn how to read phase 2/3 & 5 words Pupils will be able sound out and blend phase 2-3 & 5 words and match the words to the pictures. (read ELS CVC word books)</p> <p>EL2.12 Use illustrations, images and captions to locate information</p> <p>Pupils will be able to read a text and answer questions about the text – comprehension work</p>
